Hartford, CT 06141-0270

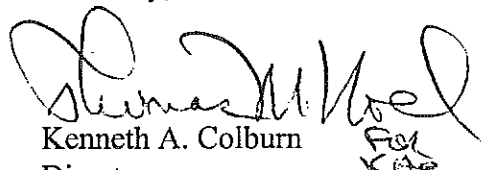

**Re: Title V Permit Application Completeness Determination for PSNH's Merrimack Station, Newington Station, and Schiller Station**

Dear Mr. Chevalier:

The New Hampshire Department of Environmental Services, Air Resources Division ("NHDES-ARD") has reviewed the Title V permit applications filed on July 1, 1996, for Merrimack Station located in Bow, NH; Newington Station located in Newington, NH; and Schiller Station located in Portsmouth, NH and has deemed the applications complete in accordance with Part Env-A 609.10. NHDES-ARD has determined that Northeast Utilities Service Company has filed a timely and complete application for each of these facilities, therefore the Application Shield provision of Env-A 609.07 is in effect. Although the Title V Permit Applications have been deemed complete, the Director may request additional information in accordance with Env-A 609.11 (c). The failure to submit any requested information in writing within the specified time frame shall cause the Application Shield to cease.

If you have any questions concerning this matter, please contact Mr. Thomas R. Hopkins of the Engineering Bureau by calling (603) 271-1391.

Sincerely,

  
Kenneth A. Colburn  
Director  
Air Resources Division
